## Samsung LN22D450 22-Inch 1080p 60Hz LCD HDTV (Black)

### Technical Details

- **Brand Name:** Samsung
- **Model:** LN22D450
- **Display Technology:** LCD
- **Display Size:** 21.5 inches
- **Image Aspect Ratio:** 16:09
- **Image Contrast Ratio:** 40000:1
- **Speaker Count:** 2
- **Resolution:** 1080p
- **Refresh Rate:** 60

### Product Description

Watch movies, check out videos, view pictures, and more on a 22-inch LCD HDTV. It's ready for an HDMI or Component source, or can be used as a PC monitor. Or take a look at your

favorite video, music, or picture files from a USB thumb drive. This energy-efficient display is housed in Samsung's eye-catching "Touch of Color" design, and will look great in any room.

### *Serious Detail in a Smaller Display*

#### Touch of Color Design

Samsung's "Touch of Color" design features a hint of amber color naturally blended into Samsung's traditional piano black bezel frame, for eye-catching style even when your TV is turned off.

#### ConnectShare

Connect a thumb drive or digital camera quickly and easily via the LN22D450's USB port. An intuitive, user-friendly interface allows access to videos, music, or pictures via the remote.

#### SRS Audio Technology

SRS' TheaterSound, available in new Samsung HDTVs, is an all-in-one audio suite that directly addresses the three most common consumer TV audio complaints--inconsistent volume levels, unintelligible vocals, and poor, dimension-less sound. SRS helps ensure you get great audio from the LN22D450's two three-watt speakers.

#### Exceeds ENERGY STAR Standards

The LN22D450 exceeds the strict energy efficiency guidelines set by the EPA and US Department of Energy by up to 30%.

*Please allow time for delivery usually one (1) to two (2) weeks.*

*325-8600, 795-9112*

PERSONALIZED CONSULTATION ON PRODUCTS, FREE DELIVERY AND SET-UP ASSISTANCE IF REQUIRED

TELEVISIONS 22 INCH

That means you get lower utility costs, and a smaller carbon footprint.

PC Connectivity

In addition to its HDMI and Component inputs, the LN22D450 features a PC input, so you can use it as a computer monitor.

# VIZIO E220VA 22 Inch Class Edge Lit Razor LED LCD HDTV

## Product Features

- 22-inch class (21.53-inch viewable) LED-backlit LCD HDTV with 1080p resolution
- Energy efficient, mercury-free LED backlighting for vivid color and contrast
- Built-in ambient light sensor adjusts backlight levels based on surroundings
- View full-screen slideshows of your JPG photos from connected USB devices
- Two HDMI inputs for connecting your Full HD sources

### Technical Details

**Brand Name:** Vizio

**Model:** E220VA

**Display Technology:** led-lit

**Display Size:** 22.0 inches

**Image Aspect Ratio:** 16:9

**HDTV Compatible:** Y

**Image Contrast Ratio:** 20000:1

**Speaker Count:** 2

**Resolution:** 1080p

**Refresh Rate:** 60

## *Brilliant Color and Contrast in an Ultra-Thin Design*

### Slim, Stunning HDTV

Sleek and stylish, the 22-inch E220VA proves Full HD doesn't have to carry a premium price tag, letting you enjoy all the detail of your 1080p Full HD sources. Razor LED backlighting gives it vivid color and contrast with brilliant clarity, and allows for an ultra-slim form factor of just over 2 inches at its deepest point, for a great-looking HDTV that will suit any room.

The E220VA delivers 250 nits brightness and a 20,000:1 Dynamic Contrast Ratio, for deeper blacks and brighter whites through contrast and dimensions.

### Optimal Viewing in Any Light

No matter your lighting arrangement, you'll always have the best picture possible thanks to built-in ambient light sensing technology. The E220VA automatically adjusts backlight levels based on its surroundings to optimize levels. The result is a balanced picture that will never appear washed out or too bright.

### Superior Surround Sound

This HDTV also delivers advanced audio, thanks to SRS technologies. SRS TruVolume limits volume inconsistencies between programming, saving you from those incredibly loud commercials or smoothing out that action film so you don't wake the

TELEVISIONS 22 INCH

neighbors. SRS TruSurroundHD delivers an immersive surround sound experience marked by clearer dialogue, and more precise bass and high frequency signals.

Two HDMI Ports

Two HDMI ports can accommodate your home theater setup and Blu-ray Player, to deliver a full cinematic experience from different sources.

USB Photo Viewing

Enjoy viewing your JPG photos on the big screen with the E220VA's USB port. Here's your chance for a fullscreen slideshow of that family vacation.

ECO HD

VIZIO's ECO HD label means this HDTV exceeds the current ENERGY STAR Guidelines, saving you money on your utility bills while limiting your carbon footprint.

In addition, this display's backlight is more than other backlighting methods, since LED edge lights do not utilize mercury, an environmentally harmful substance.

# VIZIO M221NV 22-Inch Full HD 1080p LED LCD TV with VIA Internet Applications, Black

## Product Features

- VIZIO Internet Apps
- Built-in WiFi 802.11n
- 1080p Full HD with Razor LED backlighting
- 50,000 to 1 Dynamic Contrast Ratio
- SRS TruVolume and SRS TruSurroundHDTM audio

## Technical Details

- **Brand Name:** Vizio
- **Model:** M221NV
- **Display Technology:** led-lit
- **Display Size:** 22 inches
- **Image Aspect Ratio:** 16:9

- **Image Contrast Ratio:** 100000:1
- **Speaker Count:** 2
- **Resolution:** 1920 x 1080
- **Refresh Rate:** 60 Hz

This HDTV is Internet-ready. To view Internet apps on this TV, you may also need:

- Broadband Internet service
- A router
- Cabling
- A Wi-Fi adapter (if there is not one built in)
- A PC for subscriptions or payments

VIZIO's 22" Class (21.5 inch diagonal) Edge Lit RazorLED LCD HDTV with VIZIO Internet Apps puts the best of the web right on your TV screen, giving you the convenience of on-demand movies, TV shows, social networking, music, photos and more at the push of a button. With built-in Wi-Fi (802.11n) as well as a standard Ethernet connection setup is easy. The M221NV also boasts full 1080p HD with edge lit RazorLED backlighting for brilliant clarity in a razor thin design.

This stylish and compact Internet-enabled HDTV fits anywhere and also delivers superior audio using SRS TruVolume and SRS TruSurroundHD for advanced virtual surround sound. It has two HDMI ports to connect HDMI devices to your HDTV. In addition, it also exceeds ENERGY STAR 4.1 guidelines when the TV is turned on to reduce energy consumption and has built-in ambient light sensing technology, which automatically adjusts backlight levels to the brightness of its surroundings.

*Please allow time for delivery usually one (1) to two (2) weeks.*

# LG 22LS3500 22-Inch 720p 60 Hz LED LCD HDTV

## Product Features

- LG's LED technology provides a slim profile and delivers amazing brightness, clarity and color detail, as well as greater energy efficiency compared to conventional LCD TVs.
- 720p resolution allows you to see and experience more. Pictures are sharper. Colors are more vibrant. Entertainment is more real.
- LG's Picture Wizard II allows you to find the perfect picture. Get easy self-calibration with on-screen reference points for key picture quality elements such as black level, color, tint, sharpness and backlight levels.
- With the Smart Energy Saving features you can be wise and not wasteful by conserving energy and money.

Technical Details

**Brand Name:** LG

**Model:** 22LS3500

**Display Technology:** LED-lit

**Display Size:** 22 inches

**Image Aspect Ratio:** 16:09

**Weight:** 11.00 pounds

**Image Contrast Ratio:** 1000000:1

**Resolution:** 720p

**Refresh Rate:** 60

## ADDITIONAL FEATURES

### FIND THE PERFECT PICTURE WITH PICTURE WIZARD II

Optimizing the picture is easy with on-screen reference points for key picture quality elements such as black level, color, tint, sharpness and backlight levels. Take the guesswork out of picture adjustments with this simple-to-use feature.

### VIEW IT IN THE RIGHT LIGHT

Let your TV do the adjustments for you. LG's Intelligent Sensor automatically optimizes the picture to the lighting and color conditions in the room for a more enjoyable viewing experience.

### ISFCCC READY

LG's ISFccc Ready HDTVs contain the detailed standards necessary for professional calibration of brightness, contrast, tint, sharpness, color levels and much more to meet local lighting conditions for both daytime and nighttime viewing. Settings are added to preset modes for easy access from your LG remote.

## Philips 22PFL4505D/F7 22-Inch 720p LED LCD HDTV, Black

### Product Features

- 2 HDMI inputs
- PC input via VGA
- LED - edgelit
- Pixel Plus HD
- Energy Star 4.0

### Technical Details

**Brand Name:** Philips

**Model:** 22PFL4505D/F7

**Display Technology:** led-lit

**Display Size:** 22 inches

**Image Aspect Ratio:** 16:9

**Height:** 16.00 inches

**Width:** 6.76 inches

**Weight:** 14.50 pounds

**Image Contrast Ratio:** 700:1

**Speaker Count:** 2

**Resolution:** 1366 x 768

**Refresh Rate:** 60 Hz

### Exceptional Image Quality with Any Input

With a 1366 x 768p widescreen resolution, the Philips 22-Inch LED LCD HDTV offers the ultimate high-definition standard, progressively scanning images to bring you a smooth, flicker-free image. Because its Pixel Plus HD works by improving each and every incoming pixel and matching it to the surrounding pixels, you'll see improved natural detail, vivid colors, and superior contrast with any signal type.

### LED Lights for Superior Contrast

Revolutionary LED lights generate brilliant light for the bright scenes and dim light for the dark scenes, giving you extreme contrasts and vibrant images with minimal power consumption.

### Audio Technology Delivers Surround Sound Experience

Equipped with SRS TruSurround HD, the HDTV immerses you in a rich sound experience, giving surround sound quality with deep bass, high frequency detail, and crisp, clear vocals. For additional audio options, a Dolby Digital output is handy for connecting to your home theater system.

### Connection Options for All Your Viewing Needs

You can quickly and easily connect to a cable or satellite box, camcorder, game console, Blu-ray disc player, DVD player, PC, and more with the HDTV's multiple inputs. Two HDMI inputs with Philips' EasyLink let you control connected devices with the same remote control as the TV, and a

PERSONALIZED CONSULTATION ON PRODUCTS, FREE DELIVERY AND SET-UP ASSISTANCE IF REQUIRED

TELEVISIONS 22 INCH

VGA cable is all you need for connecting your PC.

### **Energy Efficient Features Reduce Power Consumption**

The HDTV's power-saving features include Philips' dimming technology, which uses a built-in light sensor to automatically adjust the TV backlight for optimal picture quality and power efficiency according to the light in the room. The HDTV is also Energy Star compliant, meaning you'll conserve energy with its high-efficiency materials.

### **22-Inch 720p LED LCD HDTV At a Glance:**

- Full HD LED LCD display for the best possible picture quality
- Pixel Plus HD improves natural detail and optimizes contrast
- Connection options for your PC, DVD, Blu-ray player, and game console
- Energy efficient
- Backed by a one-year limited warranty

## Toshiba 22C100U 22-Inch 720p LCD HDTV (Black Gloss)

### Product Features

- 21.6-inch LCD HDTV with 720p HD resolution; slimming tapered bezel and attractive front panel Horizon design gradation
- DynaLight backlight control adjusts for deeper black levels for higher dynamic contrast and more realistic picture
- Photo Frame capability for showing off your digital photo slideshows; USB connection for playing MP3 digital audio
- Inputs: 2 HDMI, 1 component, 1 composite, 1 PC, 1 USB, 1 optical digital audio output
- Includes removable stand; measures 21.43 x 16.32 x 9.02 inches with stand

### Technical Details

**Brand Name:** Toshiba  
**Model:** 22C100U  
**Display Technology:** LCD  
**Display Size:** 22.0 inches  
**Image Aspect Ratio:** 16:9  
**Speaker Count:** 2  
**Resolution:** 1366 x 768

### Key Features

**720p HD resolution** (1366 x 768 pixels)

**60Hz screen refresh rate**

**CineSpeed LCD panel** with a fast response speed necessary for cleaner high-action home theater images. A wide viewing angle ensures that you'll have the best seat in the house.

**DynaLight Backlight Control** utilizes advanced image processing to monitor the brightness of each video frame, and adjust the backlight intensity accordingly. This precision creates seamless transitions with deep blacks for increased detail and depth analysis.

**Photo Frame capability** allows this HDTV to act as both a TV and a digital photo frame. You can showcase your favorite memories as a clear, crisp slide show on the high-resolution television screen--all controlled with just the TV remote.

**Gaming Mode** takes the gaming experience to a new level by reducing game control delay, thus giving the player improved reaction time and a more realistic playing experience. This is great when used with popular gaming consoles, or with PC games using the TV's PC Input.

**Built-in ATSC/NTSC/QAM** digital tuning allows for tuning of standard cable channels as well as off-air digital broadcasts, in addition to digital "cable-in-the-clear" broadcasts.

**Native Mode** restores the size of the picture by the 3-5 percent that is generally lost during the normal over-scanning that occurs on traditional sets.

**Cinema Mode 24 fps (3:2**

**Pulldown):** This HDTV performs 3:2 pulldown detection and reversal, too--a handy feature for watching progressive-scan movie programs in their native 24-frame format. To adapt 24 frames-per-second movies to 30 fps video, frames in the original movie must be duplicated; 3:2 pulldown digitally corrects this duplication by removing the redundant information to display a frame-accurate picture.

**Color Temperature Control** enables you to adjust white balance to achieve the best television picture possible in any viewing environment, or simply adjust the picture to suit your personal tastes. The "Warm" setting delivers a redder image that is ideal for display in a dimly lit room, while "Medium" and "Cool" provide a progressively bluer image for the best picture as room light levels are increased.

*Please allow time for delivery usually one (1) to two (2) weeks.*

*325-8600, 795-9112*

PERSONALIZED CONSULTATION ON PRODUCTS, FREE DELIVERY AND SET-UP ASSISTANCE IF REQUIRED

## TELEVISIONS 22 INCH

**Three TheaterWide modes** are ideal for displaying HDTV signals as well as enhanced for widescreen television DVDs.

TheaterWide 1: Letterboxed image is digitally expanded 33 percent horizontally and vertically. Useful for reproducing Academy Standard (1.85:1) formatted software.

TheaterWide 2: Letterboxed image is expanded 33 percent horizontally and 42 percent vertically. Particularly of use when viewing narrow letterboxed images originally filmed in Panavision or CinemaScope.

TheaterWide 3: Letterboxed image is expanded 33 percent horizontally and 24 percent vertically. Can be utilized when displaying letterboxed images that incorporate narrow bands at the top and bottom of the picture.

**MP3 audio and JPEG image playback via USB port** on the side.

**REGZA-LINK (HDMI-CEC)** allows peripheral AV devices such as a DVD player to be controlled by the remote control.

**Bottom-mounted invisible**

**speakers** integrated into stylish Horizon bezel design (6 Watts total power; 3W + 3W).

**Dolby Digital and DTS compatible** with digital optical audio output.

**Channel Browser** allows you to easily scan through the last 32 channels you have viewed, with screen images for the last five channels displayed, by channel, by favorites, and by input, at the touch of a button.

**Channel Labeling** allows you to put station call letters on the screen along with the station numbers, so you always know what channel you're watching

**Input labeling** enables you to name the individual inputs to denote usage, such as "DVD Player" (instead of having them display as just "HDMI 1" and "HDMI 2").

**Removable stand for wall mounting** (100mm x 100mm VESA mounting pattern)

**Tri-lingual onscreen menu** (English, French, Spanish)

**Energy Star qualified**

**TOTAL (TT) :\$ 2800.00**

**DP :\$ 1500.00**

**Balance payable upon delivery**

*Please allow time for delivery usually one (1) to two (2) weeks.*

## HD Entertainment

### Full HD Display

Enjoy your DVDs and other content in Full HD resolution on the 22LA45RQD's brilliant 21.6-inch screen. It's a great choice of smaller display for your video games, TV programming, DVD (via the built-in player), and more.

Watch your favorite DTV channels with built-in ATSC tuner, whether you're enjoying over-the-air broadcasts or cable/satellite service.

### RCA True-To-Life Screen

RCA's bright True-To-Life screen delivers brightness of 300cd/m<sup>2</sup>, allowing you to place your HDTV anywhere in any room and still get a vivid picture, regardless of how much natural light is in the room. 1000:1 Contrast Ratio

The 22LA45RQD's 1000:1 dynamic contrast ratio means it produces a complete spectrum of vivid colors, darker blacks, and brighter whites, for a detailed, saturated image.

### Connectivity

Easily connect your accessory components using a variety of connections. HDMI combines uncompressed digital audio and video signals into a single cable, and will allow you to enjoy your high-definition sources in Full HD 1080p resolution. Component, composite (RCA), and S-Video inputs let you connect additional devices, and a VGA input lets you use the TV as a monitor for your PC.

### Quality Sound

The two 3W speakers produce crisp, detailed, stereo sound. A seven-band graphic equalizer lets you get things perfect for your room and preferences. The built-in surround mode creates a 3D surround sound effect from standard stereo material, for more immersive entertainment.

### Built-In DVD Player

**The 22LA45RQD boasts a built-in, slot-loading DVD player, allowing you to enjoy your favorite DVDs without the need to purchase a separate player. A**

### Built-In DVD Player

The Magnavox 22-Inch 720p LCD HDTV features a top-loading DVD player that makes it easy for video fans and music lovers to enjoy a wide variety of media with one integrated player. The player supports DVD, DVD-R/RW, CD, and CD-R/RW formats.

### Clear Pix Engine Plus

#### Provides Advanced Image Enhancement

Images come to life with the vivid colors and stunning details of Clear Pix Technology, which offers five distinct features for improving contrast, sharpness, and color.

The digital noise reduction and edge enhancement features sharpen and define edges while reducing random noise, bringing you a precise, detailed image. Color matrix and color management provide color enhancement technologies for a more vibrant look, while the contrast enhancement feature gives a deep, rich image by adjusting the dark and light areas of the picture.

### Dolby Digital Output for Superior Sound

Stereo speakers and a five-band equalizer allow you to customize the sound depending on the room, the type of media you are viewing or listening to, and your own personal preferences. Additionally, Auto-Volume Leveling keeps the volume consistent, so you won't have to manually adjust the volume when you switch from one channel to another. The Magnavox 22-Inch HDTV also features an integrated ATSC/NTSC tuner with HD-quality output.

### Multimedia Inputs Cater to All Your Viewing Needs

You can quickly and easily connect to a cable or satellite box, game console, Blu-ray disc player, PC, and more with the multiple connection options on the HDTV. Inputs for HDMI and component video on the rear panel enable HD-quality viewing (720p), while a VGA input lets you use the TV as a monitor or for streaming Internet video at full-screen resolution. A convenient side input offers a second HDMI input, service terminal, S-video input, RCA audio/video ins, and a headphone jack.

### Energy-Efficient Features Reduce Power Consumption

The Magnavox 22-Inch HDTV is Energy Star 4.2 qualified and meets stringent government standards for conserving energy and protecting the environment. The low power consumption saves you money and reduces environmental pollution while still providing an optimum viewing experience. The Magnavox 22-Inch 720p LCD HDTV measures 15.8 by 21.3 by 8.3 inches (H x W x D).

### What's in the Box

Magnavox 22-Inch 720p LCD HDTV with built-in DVD Player, remote control, 2 AAA batteries, table top stand and screw kit, user manual, quick start guide, and registration card.
