KEY TECHNOLOGIES

SEE AND EXPERIENCE MORE. Pictures are sharper. Colors are more vibrant. Entertainment is more real. Everything looks better on an HDTV.

SAVE MORE THAN ENERGY. Earning the ENERGY STAR means a product meets strict energy efficiency guidelines set by the US Environmental Protection Agency and the Department of Energy. For TVs, it means they save energy both in standby and active (when they're on) modes. ENERGY STAR-qualified TVs use about 30% less energy than standard units.

FIND THE PERFECT PICTURE. Get easy self-calibration with on-screen reference points for key picture quality elements such as black level, color, tint, sharpness and backlight levels. Take the guesswork out of picture adjustments with this simple-to-use feature. It's not actually magic, but it will sure seem that way.

ADDITIONAL FEATURES

Refresh Rate: 60

Watch movies; check out videos, view pictures, and more on a 32-inch LCD HDTV. It's ready for an HDMI or Component source. Or take a look at your favorite music or picture files from a USB thumb drive. This energy-efficient display is housed in

Samsung's eye-catching "Touch of Color" design, and will look great in any room.

Serious Detail in a Smaller Display

Touch of Color Design

Samsung's "Touch of Color" design features a hint of amber color naturally blended into Samsung's traditional piano black bezel frame, for eye-catching style even when your TV is turned off.

ConnectShare

Connect a thumb drive or digital camera quickly and easily via the LN32D403's USB port. An intuitive, user-friendly interface allows access to music or pictures via the remote.

SRS Audio Technology

SRS' TheaterSound, available in new Samsung HDTVs, is an all-in-one audio suite that directly addresses the three most common consumer TV audio complaints--inconsistent volume levels, unintelligible vocals, and poor, dimension-less sound. SRS helps

ensure you get great audio from the LN32D403's two three-watt speakers. Exceeds ENERGY STAR Standards The LN32D403 exceeds the strict energy efficiency guidelines set by the EPA and US Department of Energy by up to 30%. That means you get lower utility costs, and a smaller carbon footprint.

- **Refresh Rate:** 60 Hz

Product Description

Sony's BX420 series offers full HD resolution in affordable, smaller-

class display sizes. Featuring 1080p HD resolution, five HD inputs, a USB port for your digital media, and Sony technologies for a great picture no matter the environment, the 32-inch KDL-32BX420 is perfect for apartments, dormitories, those seeking a second HDTV, and more.

HD for Any Room

Full HD 1080p Resolution

Experience amazing Full HD 1080p picture quality, the highest at-home resolution. Take full advantage of HD sources like Blu-ray Disc Players, Xbox or PlayStation 3 gaming consoles, and more via the 16:9 widescreen panel (1920 x

1080 native pixel resolution).

Five HD Inputs

Get versatile HD connection options with five separate HD inputs, including two HDMI inputs for high-def video and sound in one cable, two HD component inputs for added HD-capable connectivity, and a PC input (HD-15 pin) that lets you use your HDTV as a computer monitor.

USB Input

A handy USB port lets you share your photos on the big screen, or even listen to your favorite music. Simply connect your digital camera, USB-enabled MP3 player, or USB storage device, and you're good to go.

Scene Select

Easily manage your settings for the best HDTV experience with Scene Select. Choose from five different packages each with preconfigured picture and audio settings, including Sports, Photo, Game, Cinema and Music.

BRAVIA Sync Compatible

If you've got other Sony devices in your home theater setup this will come

Product Features

Toshiba 32C120U 32-Inch 720p 60Hz LCD HDTV

Product Description

Toshiba C120U 32-Inch
720p LCD HDTV

Get the tops in entertainment value with the best in small-screen viewing. Bring home the affordable C120U LCD HDTV, built with Toshiba quality and reliability, and designed to light up any room of the house.

powerful picture with deeper blacks and enhanced grayscale for greater image details. This TV also comes with an Auto Brightness Sensor, which adjusts the picture to the surrounding room light.

Audyssey® Audio Technology

Audyssey EQ® provides clear, accurate and natural sound right out of the box. This technology optimizes the sound quality based on the speaker enclosure and room acoustics. Audyssey EQ® technology ensures you enjoy your audio experience as much as your video. And Audyssey® ABX (Bass Extension) uses sophisticated driver analysis and low-frequency monitoring to extend the range and bass of smaller speakers. The result is balanced sound with richer lows from movies, video games and more.

Versatile Connectivity

Offering a full jack pack of connections, this TV makes it easy to plug in to other devices and broaden your entertainment options. Build out a home theater with other CEC-enabled components, and run the whole show with a single remote control. Give slideshows and enjoy your

favorite tunes through a USB port. Turn your TV into a big screen monitor with an HD PC input. Or discover enhanced color purity and image detail with ColorStream® HD component video inputs.

Gaming-Optimized Performance

If you're a gamer -- or a parent of one -- this comes with a Gaming Mode that reduces frame delays between the display and controller. But it also provides a timer that lets you set playing limits. When time's up (30-120 minutes), the TV locks out the input source for the video game -- a great feature to help kids balance homework and fun.

Toshiba 32C110U 32-Inch 720p LCD HDTV, Black

Product Features

- 720p Resolution
- DynaLight increases detail and depth of the images on your screen
- USB Connection
- 2 HDMI w/CEC,PC Input
- Limited Warranty: 1 Year Parts & Labor

Technical Details

- **Brand Name:** Toshiba
- **Model:** 32C110U
- **Display Technology:** LCD
- **Display Size:** 32 inches
- **Image Aspect Ratio:** 16:09
- **Width:** 22.80 inches
- **Weight:** 2.00 pounds
- **Image Contrast Ratio:** 40000:1
- **Speaker Count:** 2
- **Resolution:** 720p
- **Refresh Rate:** 60

Product Description

Featuring an all-new design, Toshiba's C110 LCD HDTV television looks great and works great in any living room, kitchen or bedroom. Watch your favorite movies and programming in 720p HD, and experience deeper blacks for increased detail and incredible depth, thanks to DynaLight technology.

Show your latest vacation videos and photos with a PC input. Plug in your MP3 player through a USB port. Thrill to faster action with a special Gaming Mode. Or easily connect to other home electronics using HDMI with CEC. And do it all with the assurance of famous Toshiba quality and reliability.

Key Features:

720p Resolution

Many times better than the standard-def quality you may be used to, the 720p HD output on this TV adds tremendous clarity to your favorite programs, movies and games.

LCD Panel

Driven by CCFL (Cold Cathode Fluorescent Lamp) backlight technology, this TV displays images by illuminating and blending millions of liquid crystal to form the excellent images you'll see in movies, games and photos.

60Hz Refresh Rate

A measure of how often images on your Toshiba HDTV screen are "redrawn" each second, a 60Hz refresh rate ensures you'll enjoy great picture quality for the money.

DynaLight

Adding intensity to blacks and selectively reducing the intensity of highlight areas, DynaLight gives the TV picture a more balanced, true-to-life appearance. It utilizes advanced histogram technology to monitor the brightness of each video frame and automatically adjust backlight intensity based on what's being shown. This allows for numerous levels of control, and can create dynamic contrast many times what you'd normally get. The result is a powerful picture with deep blacks for

TELEVISIONS 32 INCH

increased detail and incredible depth.

Native Mode

Many TV broadcasts, movies and other content are produced in standard-def 480i and 480p or high-def 720p. Depending on the show or your preferences, there are times when you may not want your Toshiba 720p TV to automatically upconvert those signals. Native Mode lets you easily take control. Activated on our 720p TV, it displays the image edges many sets lose to normal over-scanning.

Gaming Mode

Lets you enjoy hair-trigger action on your Toshiba TV with a special setting that reduces game controller delay.

HDMI with CEC*

Technology enables you to easily connect to high-definition video and immersive surround sound in one cable, and control like-equipped home theater components with one remote control.

USB with Music and Photo

Easily connect to your favorite music and photos via USB.

PC Input

Allows you to easily connect a PC to your Toshiba TV for a big screen viewing experience.

VESA Mounting Pattern*

A pattern of video industry standardized holes used for mounting to stands or wall, which allows for use of universal mounts when mounting your TV*.

- **Resolution:** 720p
- **Refresh Rate:** 60

Product Description

An ideal television for any room, the Philips 32-Inch 720p LCD HDTV offers crisp, vibrant visuals and rich surround sound. This HDTV uses multiple imaging technologies to render detailed images on its 1366-by-768-pixel widescreen display. It also boasts Incredible Surround sound technology, energy efficiency, and a versatile collection of inputs and outputs.

32-inch 720p LCD HDTV 32PFL3506/F7

At a Glance:

- HD LCD screen for crisp, detailed picture quality
- Digital TV tuner: ATSC
- Analog TV tuner: NTSC
- Digital Crystal Clear technology optimizes contrast, color, and sharpness
- Connect your DVD, Blu-ray player, and USB device for access to many file formats
- EasyLink HDMI inputs let you control three connected devices with TV remote
- Incredible Surround audio technology optimizes sound balance between channels
- Energy Star certified

Exceptional Image Quality with Any Input

The Philips 32-Inch LCD HDTV offers exceptional high-definition video, progressively scanning images to bring you a smooth, flicker-free picture. It uses Digital Crystal Clear HD technology to process each incoming pixel before it reaches your screen, ensuring exceptional image quality regardless of what input you are using.

Digital Crystal Clear technology further enhances image quality by adjusting contrast, color, and sharpness to optimal levels. You'll see improved detail, brighter contrast, and more vivid color--even when using older, standard-definition devices.

Audio Technology Delivers Immersive Surround Sound

The HDTV is equipped with Incredible Surround, an audio technology that expands your home theater's soundstage. Incredible Surround uses phase shifting to optimize the balance of sound between channels, resulting in an immersive audio experience. The TV also integrates a Dolby Digital output so you can connect

your home theater system, giving you additional audio options.

Connect DVD Players, Computers, USB Drives, and More

You can quickly and easily connect a cable or satellite box, camcorder, game console, Blu-ray disc player, DVD player, PC, and more with the HDTV's multiple inputs. Three HDMI inputs--two on the back and one on the side--with Philips' EasyLink feature let you control connected devices with the same remote control as the TV. All you need to connect your PC is a VGA cable. The HDTV can also achieve connectivity with TV-ready USB devices, thanks to its USB input.

Energy-Efficient Features Reduce Power Consumption

The HDTV is Energy Star certified. The TV's circuitry dramatically reduces power consumption, so the device uses less than 1 watt of power while in standby mode.

Product and Warranty Information

The Philips 32-Inch 720p LCD HDTV measures 21.92-

by-30.65-by-7.44-inches (H x W x D) including the stand and is backed by a manufacturer's one-year limited warranty.

- **Refresh Rate:** 60

A Casual Style Performer

The TC-L32C5 (32-inch class) is a 720p, LCD HDTV (cold cathode backlighting) with two HDMI terminals, one USB port, a PC input, and game mode. It is Energy Star certified and has a long-life panel.

Game Mode

Games are much more fun when there's no lag in

operation. VIERA automatically chooses settings that provide the optimal image, so you get super-fast response and no delays. Even dark scenes with delicately rendered details are beautiful and easy to see.

Media Player

Simply insert an SD Memory Card or USB memory stick into the slot to enjoy previously saved photos, video clips, and music on VIERA's large screen. You can also add frames and other effects to your photos and videos, and create slide shows complete with background music. A wide variety of formats is supported, so you can listen to PC-based music files and web movies right on your TV.

*Applicable formats vary depending on the model

Panasonic VIERA TC-L32X5 32-Inch 720p IPS LED- LCD TV

Product Features

- IPS LED Panel
- Clear Oanel
- Media Player (SD and USB)

Technical Details

- **Brand Name:** Panasonic
- **Model:** TC-L32X5
- **Display Technology:** LED-lit
- **Display Size:** 31.5 inches
- **Image Aspect Ratio:** 16:09
- **Image Contrast Ratio:** 2000000:1
- **Resolution:** 720p
- **Refresh Rate:** 60

Product Description

The 32X5 is a 720p IPS LED panel HDTV and features Media Player, three HDMI terminals, VIERA Link, one USB port, and a PC input.

Operate Multiple Systems with Just One Remote Control through VIERA Link

The 32X5 features VIERA Link, a technology that allows a consumer to operate all VIERA

Link compatible AV components using only the TV'S remote control. Just point the VIERA remote at your TV, and the signal will travel over the HDMI wires to the right piece of equipment, like your Panasonic Blu-ray or DVD player or Home

Cinema Surround System.

An All-Round Performer in a Stylish Design

Expressive, Lifelike Colors and Beautifully Reproduced Crisp Lines

Diagonal lines and edges are detected with high precision in each scene for all types of images, and optimal correction is applied to achieve beautiful, highly natural, noise-free lines. The brightness, saturation, and contrast and sharpness of colors are finely compensated in each scene. Highly vivid colors are produced with hardly any mutual interference.

Media Player

Simply insert an SD Memory Card or USB memory stick into the slot to enjoy previously saved photos, video clips, and music on VIERA's large screen. You can also add frames and other effects to your

photos and videos, and create slide shows complete with background music. A wide variety of formats is supported, so you can listen to PC-based music files and web movies right on your TV. *Applicable formats vary depending on the model

IPS LED Panel

The IPS LED panel delivers a wide viewing angle with almost no picture degradation at off angle viewing. The high performance, high speed, high transmittance panel materials contribute to the high contrast performance and fast response time.

Game Mode

Games are much more fun when there's no lag in operation. VIERA automatically chooses settings that provide the optimal image, so you get super-fast response and no delays. Even dark scenes with delicately rendered details are beautiful and easy to see.

Environmentally Friendly

Panasonic is committed to producing HDTVs that are mindful of the environment. The new and improved high efficient LED/LCD panels reduce targeted power consumption up to 25% over the 2011 models. The 32X5 is Energy Star certified and has a long-life panel.

Product Features

- 50,000 to 1 Dynamic Contrast Ratio; 1366 x 768 pixel Native Panel Resolution
- SRS TruVolume and SRS TruSurround HD audio for advanced virtual surround sound
- Exceeds Energy Star 4.0 guidelines
- Ambient Light Sensing technology
- Four HDMI ports

Technical Details

- **Brand Name:** Vizio
- **Model:** E320VA
- **Display Technology:** LCD
- **Display Size:** 32.0 inches
- **Image Contrast Ratio:** 50,000:1
- **Speaker Count:** 2
- **Resolution:** 1366 x 768
- **Refresh Rate:** 60

Product Description

VIZIO's E320VA 32" LCD HDTV delivers superior picture and audio quality at an

amazing value. This flat screen LCD HDTV features SRS TruVolume and SRS TruSurround HD audio for advanced

virtual surround sound, 50,000 to 1 Dynamic Contrast Ratio, and four HDMI ports to connect up to four HDMI devices to your TV. Also, the E320VA consumes 58% less energy than the 32" 2009 model, exceeding ENERGY STAR 4.1 guidelines, when the TV is turned on, to reduce energy consumption and utilizes built-in ambient light sensing technology, which automatically adjusts backlight levels to the brightness of its surroundings.

Key Features

- **32-inch LCD HDTV** featuring 1366 x 768 pixels and support for 1.06 billion colors.
- **50,000:1 Dynamic Contrast Ratio** giving

you deeper blacks and brighter whites.

- **Ambient Lighting** is achieved as energy efficient sensors auto-adjust brightness for the perfect picture regardless of room conditions.
- **178/178 Degree Horizontal/Vertical Viewing Angle** results in a crisp and clear picture that is easily visible from just about anywhere in the room.
- **Two Built-in 10-watt Speakers** provide clear room-filling sound.
- **SRS Audio Technologies:** SRS TruVolume evens out dynamics to limit volume inconsistencies between programming, while SRS TruSurround HD delivers immersive virtual high-definition surround sound out of the unit's two speakers.
- **Included Remote** is stylish and enables you to easily control every function of your TV.
- **ECO HD** exceeds the current ENERGY STAR 4.1, saving you money on utilities, while limiting the impact on our planet.
- **Warranty:** One year parts and labor, and free lifetime technical support.

Please allow time for delivery usually one (1) to two (2) weeks.

Haier 32-Inch LCD HDTV (L32D1120)

Product Description

Haier L32D1120 32-Inch LCD HDTV with 720p Full HD

This 32-inch flat screen LCD HDTV from Haier is the perfect centerpiece to your home entertainment center, offering user-friendly setup, polished looks, and exceptional ease-of-use. A 720p

HD display offers stunning picture quality, and multiple AV inputs make connecting high definition devices like a Blu-ray player or game console easier than ever. This television comes with a sleek, removable stand and is also wall-mountable to suit your space, style, and preference. Hidden speakers, side panel controls, and a sleek removable stand complete the streamlined look of this black model.

High Definition for Everyone

Experience the beauty of High Definition. 720p HD delivers a crystal clear display from a high

definition source, with a resolution of 1280×720. Progressive scanning makes for a clearer, smoother picture, with fluid motion and vibrant colors. Catch every exciting detail while watching anything from movies and nature shows to the most heated sports showdowns. This model comes with multiple inputs for High Definition devices and additional features that help ensure the best picture possible.

Multiple HD inputs

HDMI inputs give you access to incredibly clear, all-digital video and multi-channel audio via a simple, one-cable connection. Devices connected through HDMI give out the highest quality format available, achieving the best possible quality from that device. Having to deal with just one cable cleans up and simplifies the entire installation process, while greatly reducing cable clutter.

The 2 HDMI connections in this HDTV make setting up a home entertainment center easy and hassle free by giving you the ability to connect two different high definition audio and video devices (like Blu-ray players, game systems,

TELEVISIONS 32 INCH

cable boxes, and more) at the same time. This television also comes with one composite input for compatibility with older devices that do not use HDMI.

3D Digital Comb Filter

A 3D digital comb filter maintains the integrity of the signal by separating brightness and color information to eliminate interference on screen. It produces a crisp, sharp image, and ensures the best possible picture for your HD viewing.

Convenient Features to Fit Your Lifestyle

Get more from your HDTV with features that improve your viewing experience and others that open up new possibilities.

Auto Volume Leveler

Volume fluctuations when changing the channel or when the program you are watching cuts to a commercial might seem like an inevitable fact of life. Haier's Auto Volume Leveler can eliminate these annoying volume fluctuations, providing you with a better overall viewing experience. Simply set the volume to your preferred listening level and

let the AVL automatically adjust the sound level.

PC Input

Now you can easily connect your PC directly to your TV to watch slideshows, your favorite websites, or even to stream TV shows and movies through your computer to play on your television screen. It's the ultimate way to share computer features with your friends and family on the big screen.

USB input for music and photo

This LCD HDTV has the ability to play MP3 files and display JPEG images. Enjoy music through your TV speakers, or display photo albums onscreen simply by connecting a USB drive.

Product Description

LG's NEXT GENERATION 3D TECHNOLOGY

If you enjoy the depth, realism and entertainment of 3D at the theater, you'll love having it at home with LG Cinema 3D on the LM6200 TV*. And it's not just 3D. It's crisp 3D on a brilliant LED display. On top of that, it's loaded with the virtually limitless entertainment capabilities of LG Smart TV. Staying in has never looked better. This is what home entertainment is all about.

FEATURED TECHNOLOGY:

An intuitive, easy way to access thousands of movies, customizable apps, videos and the web; all organized in a simple-to-use interface.

You'll never have to step foot in a video store again with apps from Netflix and Vudu. And rushing home to watch your favorite TV shows will be a thing of the past with access to Hulu Plus.**

WORKS LIKE MAGIC

Controlling your TV is as easy as the wave of your hand with the Magic Remote Control. Just point to what you want and the sensors follow right along.

SMART SHARE

Browse and share files from external storage devices on your TV screen, or access files from your PC, tablet or smart phone via Wi-Fi. Now it's easier than ever to see your big moments on the big screen.

KEY TECHNOLOGIES

PREPARE TO BE DAZZLED

Want deeper blacks and richer colors? LG's LED Plus technology provides even greater control of brightness through local dimming technology to deliver better contrast, amazing clarity and color detail, as well as greater energy efficiency compared to conventional LCD TVs.

TruMotion
120Hz

LESS BLUR. MORE ACTION.

TruMotion 120Hz technology lets you see sports, video games and high-speed action with virtually no motion blur. Now your TV can keep up with your fast-moving entertainment.

CUT LOOSE WHEN YOU'RE WIFI READY

Getting your LG TV connected to online content is easy when you have Wi-Fi™ built in. If you have existing wireless broadband, setting it up is simple and you don't need to worry about messy wires. With a built-in ethernet port, you also have the option to connect using an ethernet cable.

ADDITIONAL FEATURES

DOUBLE THE DETAIL WITH 1080p
This stunning picture is the reason you wanted HDTV in the first place. With almost double the pixel resolution, Full HD 1080p gives it superior picture quality over standard HDTV. You'll see details and colors like never before.

2D, NOW IN 3D

Please allow time for delivery usually one (1) to two (2) weeks.

PERSONALIZED CONSULTATION ON PRODUCTS, FREE DELIVERY AND SET-UP ASSISTANCE IF REQUIRED

TELEVISIONS 32 INCH

With LG's 2D to 3D conversion feature, the TV will automatically convert any standard 2D content to 3D content.

3D DEPTH CONTROL

Customize your 3D entertainment with 3D Depth Control. With this feature, you have the ability to adjust the 3D effect on your TV to provide a 3D experience the way you want it.

3D SOUND ZOOMING

Don't just watch 3D, hear it too. This TV is equipped with 3D Sound Zooming to provide a greater level of sound immersion with 3D content.

EASY TO USE AND SHARE GLASSES

With LG Cinema 3D glasses it's easier than ever to share immersive 3D images. Battery-free, flicker-free, low cost glasses, just like the ones you get at the movies, allow you to outfit family and friends for an affordable price. 6 sets of glasses included.

GAMERS CAN ENJOY TWO-PLAYER GAMING ON ONE TV WITHOUT A SPLIT SCREEN

Now two players can compete against one another independently and catch the action on a full screen! *Requires special glasses sold separately.

RESOLUTION UPSCALER

See standard definition content in near HD quality using the resolution upscaler. Even standard definition content will look beautiful on your tv.

SAVE MORE THAN ENERGY

Earning the ENERGY STAR qualification means a product meets strict energy efficiency guidelines set by the US Environmental Protection Agency and the Department of Energy. For TVs, it means they save energy both in standby and active (when they're on) modes. ENERGY STAR-qualified TVs use about 30% less energy than standard units.

FIND THE PERFECT PICTURE WITH PICTURE WIZARD II

Optimizing the picture is easy with on-screen reference points for key picture quality elements such as black level, color, tint, sharpness and backlight levels. Take the guesswork out of picture adjustments with this simple-to-use feature.

VIEW IT IN THE RIGHT LIGHT

Let your TV do the adjustments for you. LG's Intelligent Sensor automatically optimizes the picture to the lighting and color conditions in the room for a more enjoyable viewing experience.

ISFCCC READY

LG's ISFccc Ready HDTVs contain the detailed standards necessary for professional calibration of brightness, contrast, tint, sharpness, color levels and much more to meet local lighting conditions for both daytime and nighttime viewing. Settings are added to preset modes for easy access from your LG remote.

*Disclaimer: Viewing 3D video content may cause discomfort visit www.lg.com for details.

**Disclaimer: Wireless Internet connection & certain subscriptions required and sold separately. The Magic Motion Remote does not come equipped with all LG Smart TV enabled TVs and a separate purchase maybe required. Content and services vary by product and are subject to change without notice.

Please allow time for delivery usually one (1) to two (2) weeks.
